Policy Statement

At Pulse 8 Response we are committed to ensuring that students can avail of fair and transparent access, transfer, and progression, which will include recognition of prior learning, where appropriate. To meet our commitment, we will:

- Provide potential students with sufficient information to make an informed choice about course participation
- Provide access to courses that are delivered in a variety of methods that support student needs
- Support access for all students, including those from underrepresented or disadvantaged backgrounds.
- Provide reasonable accommodations to support equitable access and participation to students with additional needs and includes support during course access, participation, and assessment.
- Develop and publish clear entry criteria for each course
- Provide students with accurate, reliable, and timely information.
- Identify transfer and progression opportunities, where applicable.
- Ensure students are aware of the transfer and progression options available to them, if applicable.
- Ensure that progression opportunities are transparent, fair, and consistent.
- Ensure students are made aware of the process involved in the progression route
- Provide students with support to facilitate this move.
