

Assessment Policy

5.1.1 Assessment Policy					
ID & Version	PO18-V2	Last Review	Aug 2025	Next Review	Aug 2028
Purpose					
To ensure all assessments are fair, consistent, and support learning, by guiding how assessments are planned, delivered, and used across all Pulse 8 courses.					
Scope					
Applies to all assessments in Pulse 8 courses, including how assessments are prepared, carried out, supported, reviewed, and stored.					
Policy Statement					
Pulse 8 is committed to ensuring that all students are facilitated to take part in fair, transparent and consistent assessment. To meet this commitment, we will: • Design and implement an assessment process that is student-centred, reflective, engaging and enables self-directed learning, where appropriate • Ensure systems are in place to meet PHECC and requirements, including, the assessment process, verification, results approval, and appeals • Ensure students are aware of and take responsibility for demonstrating learning achievement • Students are supported through, formative feedback, and information provided during induction. • All assessment materials are securely stored and access is restricted to authorised staff • Ensure assessments are aligned to the learning outcomes and includes formative and summative assessment • Include appropriate mechanisms to measure, record and document student learning • Provide students with timely, relevant, and accurate information about assessment • Facilitate those with additional support needs to take part in assessment without compromising the assessment process • Carry out internal & external verification to quality assure the assessment process
