

Quality Policy

6.1.1 Quality Policy

ID & Version	PO19-V2	Last Review	Aug 2025	Next Review	Aug 2028
-------------------------	---------	--------------------	----------	--------------------	----------

Purpose

To outline the quality management approach that supports effective planning, monitoring, review, and improvement of education and training services. This ensures Pulse 8 continuously meets PHECC standards and stakeholder expectations.

Scope

Applies to all activities related to the design, delivery, assessment, and evaluation of PHECC-accredited courses, including the systems used to gather feedback, review performance, and implement improvements.

Policy Statement

Pulse 8 is committed to providing consistently high-quality education and training that meets or exceeds the expectations of students, staff, faculty, and external stakeholders. To meet this commitment, we will:

- Meet all legal, statutory, and quality assurance requirements
- Use a clear and well-managed Quality Management System (QMS)
- Regularly monitor and improve the QMS to ensure it stays relevant and effective
- Carry out annual self-assessment and review against set goals and performance targets
- Communicate clearly about our quality system internally and externally
- Gather and use feedback from students, staff, and stakeholders to improve what we do
- Support everyone involved to take part in planning and improving quality
- Review our facilities, resources, and delivery regularly using feedback and observations
- Provide enough resources to deliver our objectives effectively
- Ensure our course content is systematically monitored, reviewed and updated
- Act on lessons learned from internal and external evaluations to continuously improve
